PREFACE.

This catalogue has been prepared as a companion volume to the Subject Catalogue of the Allahabad Public Library. The Subject Catalogue is itself under revision and it is hoped to publish a revised edition of it before the end of 1920. These two Catalogues combined should prove a more adequate guide to the books in the Library than has hitherto existed.

I regret that some errors or at best eccentricities have found their way into this Catalogue, e.g. many well known German writers such as Helmholtz, Clausewitz and Bernhardi will be found close together under "V" for Von.

Biographies are catalogued under the name of the subject of the biography and not under the name of the author e. g. Southey's Life of Nelson will not be found among Southey's works, but under Nelson-Life of—.

Secretary, Allahabad Public Library.
